MUSICAL

THURSDAY

N.K. has invited perceptive musicians to enter the uniquely (and incredibly) reverberant room at Uferstudios to discover symbiosis with these special acoustical & environmental circumstances.

In the spirit of underground networks of fungal fibres, **N.K.** has curated one act for each Thursday who, in turn, curates the second act.

N.K. Projekt is an artist-run independent space in Berlin for the avant-garde, experimentation & criticism. Year-round program includes concerts, lectures, tech workshops, film screenings & more in a raw cultural context. Now in its 5th year of operation. Co-founded by Farahnaz Hatam & Julian Percy. Current co-directors are Hatam, Percy & Colin Hacklander.

N.K. hat unterschiedliche Musiker in den einzigartigen Resonanzraum des Heizhauses eingeladen, um sich dort mit den besonderen akustischen und biologischen Bedingungen in Symbiose zu versuchen.

Im Geiste der unterirdischen Netzwerke der Pilzfäden kuratiert **N.K.** für jeden Donnerstag eine Darbietung; im Gegenzug kuratieren die eingeladenen Künstler die zweite Darbietung.

N.K. Projekt ist ein unabhängiger Kunst-raum in Berlin für Avantgarde, Experiment und Kritik. Das ganzjährige Programm umfasst Konzerte, Vorträge, Technik-Workshops, Filmvorführungen und mehr in einem rohen kulturellen Kontext. Er existiert seit fünf Jahren, wurde von Farahnaz Hatam & Julian Percy gegründet und wird zur Zeit von Hatam, Percy & Colin Hacklander geleitet.
